Introductions by Dr. Bernard Beitman, MU professor of psychiatry

MU's "Weird Coincidence" survey results discussed before April 29 lecture

April 30 talk is part of Psychiatry Grand Rounds

Award-winning professor **Dr. Vic Mansfield** presents two free public lectures.

Mansfield has practiced and studied with spiritual leaders in the U.S., Europe and India. The author of *Synchronicity, Science and Soul-Making*, Mansfield will explain "synchronicity" and its connection to the spiritual. He will also contrast the Tibetan Buddhist view of causality with quantum indeterminacy - and explore the medical implications of the conflict. Mansfield's new book, *Tibetan Buddhism and Modern Physics: Toward a Union of Love and Knowledge*, will be for sale.
